October 27, 2016

Dear Parents/Guardians,

This afternoon, Thursday, October 27, 2016, Stockton staff reported an odor in the building. Students were relocated to the all-purpose room and the fire department was notified.

The odor was found to be coming in through the ventilation system from the neighborhood. You may view a video of Lt. Bob MacDermott from Cherry Hill Fire Department, Ladder 34-C Platoon, on www.instagram.com/richardstocktonelementary/ giving us the "all clear" to resume our day.

Thank you to our students, staff, parents, Director of Security Mr. Tony Saporito, the Cherry Hill Police Department and the Cherry Hill Fire Department for their part in making us all safe.

Please feel free to contact me with any questions.

Sincerely,

Eloisa DeJesus-Woodruff
Principal, Richard Stockton Elementary School
